*University of Illinois
at Urbana-Champaign*

Pre-College Programs for Entering Freshmen

Spring and Summer 1971

It is the policy of the University of Illinois to afford equal educational opportunities to qualified persons regardless of race, religion, or ethnic background.

UNIVERSITY OF ILLINOIS BULLETIN

Volume 68, Number 49; December 2, 1970. Published twelve times each month by the University of Illinois. Entered as second-class matter December 11, 1912, at the post office at Urbana, Illinois, under the Act of August 24, 1912. Office of Publication, 114 Altgeld Hall, Urbana, Illinois 61801.

TO THE NEW STUDENT:

Welcome to the University of Illinois at Urbana-Champaign.

This brochure explains the spring and summer programs which are offered, free of charge, to assist you in making careful preparation for your campus career. We believe that you will find these programs of great value and we urge you to participate in them. During the spring and early summer, *Pre-College Testing* is conducted in cities around the state. Beginning freshman *Advancement Enrollment* will be held from June 23, 1971, through August 4, 1971. Several features of advance enrollment are: meeting with college representatives, counseling, academic advising, meeting with student affairs representatives, choral auditions, bands auditions, and various orientation activities.

As you read this brochure, you will find that certain of these programs are required while others are optional. The required activities must be completed prior to registration. Although it is assumed that almost all beginning freshmen, after reading this brochure, will want to participate during the spring and summer, individual circumstances may make such participation impossible. Under these conditions the student may complete the essential portions of the Pre-College Programs during the week immediately preceding the first week of classes. Another brochure describing these fall programs will be forwarded in early September.

Please review each program with care, and check on the enclosed request form the programs in which you wish to participate. When we receive your request form, we will reserve a space for you in each of the programs you want and send you further instructions about them.

We hope you will be joining us this coming spring and summer. If you have any questions about program content or scheduling, please do not hesitate to write me at 177 Administration Building, University of Illinois, Urbana, Illinois 61801, telephone (217) 333-4339. We would appreciate your cooperation in keeping your scheduled appointments and look forward to meeting you.

Yours truly,

JANE YOUNG AZIM (Mrs.)
Pre-College Program Coordinator

PRE-COLLEGE TESTING

(FEBRUARY 13 – JUNE 12)

The University administers the Freshman Guidance Examinations and Placement and/or Proficiency Tests for entering freshmen as part of the total pre-college orientation effort.

FRESHMAN GUIDANCE EXAMINATIONS

All entering freshmen are required to take the three Freshman Guidance Examinations: the School-College Ability Test, the Kuder Interest Inventory, and the Cooperative Reading Test.

The results are used by University counselors to assist students with decisions regarding interests and aptitudes. For further discussion of the application of guidance examination results, refer to the section, Pre-College Counseling, on page 17.

PLACEMENT AND/OR PROFICIENCY TESTS

The results of placement and proficiency tests are vital to good academic advising. With this fact in mind, the entering freshman should read carefully the information in this section and check on the enclosed form those tests needed.

All entering freshmen are required to take the Rhetoric Placement and Proficiency Test. In addition, a student may be required to take one or more of the other tests offered: the Mathematics Placement Test, the Chemistry Placement Test, the Biology Placement and Proficiency Test, and a placement and proficiency test in one of the following foreign languages — French, German, Latin, Russian, or Spanish.

An entering freshman is *required* to take a test in a particular subject matter if he has taken the subject in high school, has not earned college credit in the subject, and is required to take one or more courses in the subject matter at the University. For a description of the testing requirements of his curriculum, a student should refer to column II of the chart appearing on pages 8 through 13.

An entering freshman is *advised* to take a test in a particular subject if he has taken the subject in high school, has not earned college credit in the subject, and expects to take courses in the subject at the University to satisfy general educational course requirements or as an elective.

Most colleges require of their students the completion of course work in one or more of four general education areas: biological science, physical science, social science, and humanities. *Column III of the chart on pages 8 through 13 describes those placement and/or proficiency tests which may apply toward the completion of these general educational course requirements.* Although a student may decide to satisfy his biological science sequence with zoology and botany rather than biology courses or his physical science sequence with geology rather than mathematics or chemistry courses, he is advised to take the tests indicated under Column III *if* he has time after taking those required tests listed in Column II.

An elective course is any course not prescribed by college or curriculum or major requirements. Most programs of study allow a number of such elective courses. If a student feels he may take elective courses in subjects covered by tests, he should take the appropriate test provided time remains after the completion of required and general educational testing.

EXAMINATION AND TEST SCHEDULE

The 1971 testing dates and locations are:

Date		Location
February	13	Urbana
	20	Chicago
	27	Peoria, Urbana
March	6	Rock Island
	13	Chicago
	27	Belleville, Peoria, Rockford, Urbana
April	3	Carbondale, Springfield, Urbana
	17	Rockford
May	1	Belleville, Springfield, Urbana
	15	Chicago

May	22	Urbana
June	5	Chicago
	12	Urbana

Please note that only the locations listed for each day are available on that day.

Students who plan to enter in June to continue in September must complete testing by May 22 if they wish to take courses during the summer session in subjects covered by placement and/or proficiency tests.

A student should indicate on the enclosed request form choices of dates and locations. This information should complete his request for Freshman Guidance and Placement Testing. The necessary Ticket of Admission to the testing center will be sent to him along with a notice of appointments for other portions of the Pre-College Programs.

THE DAY OF TESTING

The arrangement of those examinations required of all entering freshmen will be the same on each of the testing dates:

School-College Ability Test	8:30– 9:45 a.m.
Rhetoric Placement and Proficiency Test	9:50–10:55 a.m.
Kuder Interest Inventory	11:00–11:55 a.m.
Lunch	12:00 noon– 1:00 p.m.
Cooperative Reading Test	1:00– 1:45 p.m.

The remaining time will allow the student to complete a maximum of three placement and/or proficiency tests.¹ The three remaining testing periods will be from 1:50 to 2:55 p.m., from 3:00 to 4:05 p.m., and from 4:10 to 5:10 p.m. Any of the tests can be taken during these three time periods. *Prior to the test date*, the student should decide in what sequence he will complete needed placement tests.

¹ Students entering certain curricula may be required to take four placement and/or proficiency tests, in addition to the Rhetoric Placement and Proficiency Test which is required of all. Such a student should defer the Biology Placement and Proficiency Test which will again be offered during New Student Week, the week immediately preceding the first week of classes.

Other tests are required for specific colleges and curricula, provided that the student has had the subject in high school and has not earned college credit in the subject.

ADVANCE ENROLLMENT

(JUNE 23 – AUGUST 4)

Enrollment in classes for the fall semester is accomplished by the entering freshman in conference with his academic adviser. Since, as suggested earlier, academic advisers rely on Placement and/or Proficiency Test results, only those students who have completed required testing may participate in the Advance Enrollment portion of the Pre-College Programs. The opportunity to complete the selection and scheduling of classes in advance of fall registration week frees the new student of many of the pressures that are inevitable during this week. Also, there is no disadvantage to early enrollment since the student who advance enrolls during the summer will be able to make changes in courses and curriculum, provided he obtains the approval of his academic adviser. An entering freshman who plans to take the Advanced Placement examinations, administered by the College Entrance Examination Board, should request an advance enrollment date after July 15. To request an advance enrollment appointment, a student should complete number 2 of the attached Request for Freshman Guidance Examinations, Placement Testing, and Advance Enrollment.

SCHEDULE OF DATES FOR FRESHMAN ADVANCE ENROLLMENT

(Please note that each college and the Institute of Aviation advises its new students only on particular dates from June 23 through August 4.)

College	Days	Dates
Agriculture	Tuesdays	June 29; July 6, 13, 20, 27; August 3
	Fridays	July 16, 23, 30
Aviation	Tuesdays	June 29; July 6, 13, 20, 27; August 3
Commerce and Business Administration	Mondays through Fridays	June 23 through July 27 (except Monday, July 5)

College	Days	Dates
Education ¹	Thursdays	June 24; July 1, 8, 15, 22, 29
Engineering	Mondays	June 28; July 12, 19, 26; August 2
	Wednesdays	June 23, 30; July 7, 14, 21, 28; August 4
	Fridays	June 25; July 2, 9, 16, 23, 30
Fine and Applied Arts	Music and Art Curricula:	
	Wednesdays	June 23, 30; July 7, 14, 21, 28; August 4
	Fridays	July 16, 30
	All Other Curricula:	
Liberal Arts and Sciences	Wednesdays	June 23, 30; July 7, 14, 21
	Friday	July 16
	Mondays through Fridays	June 23 through August 4 (except Monday, July 5)
Physical Education ²	Wednesdays	June 23, 30; July 7, 14, 21, 28
	Fridays	June 25; July 2, 9, 16, 23, 30

¹ The dates of June 24 and July 22 are reserved for those entering the curriculum in Teaching of Deaf and Hard-of-Hearing Children and in Teaching of Mentally Handicapped Children.

² All Friday dates are reserved for those entering the curriculum in Recreation.

THE DAY OF ADVANCE ENROLLMENT

Academic advisers meet with new students, for the purpose of advance enrollment, in Urbana-Champaign. Students who request participation in Advance Enrollment will be asked to come to campus on a specific date. Parents are cordially invited to accompany their son or daughter on the day of advance enrollment. A special program described on page 20 has been planned for parents. For many students, the day of advance enrollment starts at 10:00 a.m. with the orientation meeting conducted by the Office of the Dean of Student Personnel, continues through the 11:00 a.m. college office meeting, and ends with an afternoon appointment with an academic adviser. Other students, however, may wish or need to participate in one or more of the four Pre-College Programs described below. A schedule for the day of advance enrollment appears on page 19.

AURAL PORTION OF FOREIGN LANGUAGE TEST

(JUNE 23 – AUGUST 4)

Any entering freshman who has requested a Placement and Proficiency Test in French, German, Russian, or Spanish will be scheduled to complete, on the day of his advance enrollment appointment, an aural examination in that language. No aural examination in Latin is required. Both aural and written examinations in French, German, Russian, and Spanish must be taken to determine proper course placement, courses which may be taken for college credit, and the amount, if any, of college proficiency credit allowed for superior performance.

Since results from both the written and aural examinations must be available to a student's academic adviser at the afternoon advance enrollment appointment, the aural examination will be scheduled in the morning. The exact time and place of the aural examination will be sent to the student along with the notice of his testing and advance enrollment appointments.

UNIVERSITY BANDS AUDITIONS

(JUNE 23 – AUGUST 4)

Those students who wish to play in one of the University Bands must be auditioned and accepted *before* they complete their class schedules. Students interested in bands as an activity should complete the *Request for Bands Audition* on the enclosed form. The audition will be conducted in 140 Band Building and will be scheduled for the same day as the advance enrollment appointment. Notice of the audition time and date will be sent to the student along with a notice of testing and advance enrollment appointments. The Bands Office will also contact the student in regard to the requirements of an audition. Further

information may be secured by writing to the University Bands Office, 140 Band Building, Champaign, Illinois 61820.

CHORAL AUDITIONS

(JUNE 23 – AUGUST 4)

All students who are interested in organized singing at the University of Illinois may audition for placement in one of our choral groups during the day they are on campus for Advance Enrollment. Those wishing to advance audition must so indicate on the enclosed request form. Notice of the audition time and date will be sent to the student along with a notice of testing and advance enrollment appointments. These auditions will be conducted at the Choral Office, 4-129 Krannert Center for the Performing Arts. Auditioning students will be asked to sing a simple melody and to take brief tests to determine basic tonal and rhythmic ability.

More than six hundred students from all colleges at the University take part in choral activities each year. They include the Women's Glee Club, the University Chorus, the Concert Choir, the Varsity Men's Glee Club, the Oratorio Society, and several small vocal ensembles. The rehearsal schedules of these choral groups are such that any qualified singer is able to find time to participate. Details concerning activities of these various groups may be obtained from the Choral Office, 4-129 Krannert Center for the Performing Arts, Urbana, Illinois 61801, telephone (217) 333-3206.

PRE-COLLEGE COUNSELING

(MARCH 15 – AUGUST 4)

Counseling for incoming freshmen is provided by two coordinated groups of experts, the counseling psychologists on the staff of the Psycho-

logical and Counseling Center, and the academic advisers from the various departments and colleges.

The academic advisers will help a student choose the appropriate program of specific courses which meet curriculum and college requirements.

The staff of the Psychological and Counseling Center, all trained professionals, offer a variety of services. Soon after a student has taken the required freshman counseling, placement, and proficiency tests, an individualized and carefully researched *Self-Counseling Manual* is mailed to him. This manual will help the student and his parents understand the results of the tests and enable the student to answer for himself about 75 per cent of the questions freshmen commonly have. It will also allow him to assess the appropriateness of his study methods and what can be done about any handicapping personality trait.

Finally, the manual will help him decide what kind of further counseling he may need, either prior to or on the same day as his appointment with the academic adviser. A special request form for such counseling will be included in the *Self-Counseling Manual*. A summary of decisions and recommendations, mutually arrived at in individual interview with a counseling psychologist, will be given to the student to transmit to the academic adviser.

THE DAY OF ADVANCE ENROLLMENT

(JUNE 23 – AUGUST 4)

8:00–9:00 a.m.¹ **INDIVIDUAL PRE-COLLEGE COUNSELING**
 or **INTERVIEW**

9:00–10:00 a.m. Interviews are available only if scheduled
 in advance.

8:15–9:00 a.m. **AURAL PORTION OF FOREIGN**
9:00–9:45 a.m. **LANGUAGE PLACEMENT EXAMINATION**

Notice of time and place will be mailed
to a participating student.

10:00–11:00 a.m. Dean of Student Personnel meetings —
 information of interest to students and
 instructions for the day.

11:05–11:50 a.m. Students meet with representatives from
 their colleges for information and in-
 structions prior to the afternoon meeting
 with their academic advisers.

Exception: Institute of Aviation students
meet at 1:00 p.m. at the Academic Office,
University of Illinois–Willard Airport, five
miles south of campus on Route 45.

12:00 noon–1:00 p.m. Students will make their own ar-
 rangements for lunch. Cafeteria
 is available at Florida Avenue
 Residence Halls.

1:00–5:00 p.m. **ADVANCE ENROLLMENT APPOINTMENT**

Notice of time and place will be mailed
to a participating student.

INDIVIDUAL PRE-COLLEGE COUNSELING
INTERVIEW

Interviews are available only if scheduled
in advance.

BANDS AUDITION

Notice of time and place will be mailed
to a participating student.

CHORAL AUDITION

Notice of time and place will be mailed
to a participating student.

Complementary bus tours, if schedule
permits.

Informal activities at Florida Avenue Resi-
dence Halls.

Students are encouraged to take advantage of any un-
scheduled time that may be available before 10:00 a.m.
or in the afternoon to make inquiries concerning housing,
financial aids, sororities and fraternities, student activities,
or other items of interest.

¹ All times are Central Daylight Saving Time.

PARENTS PROGRAM

(JUNE 23 – AUGUST 4)

The Parents Program, sponsored by the Dads Association, the Mothers Association, and the University, provides an opportunity for parents and guests to become acquainted with the University. The entire family is most welcome and all are enthusiastically invited to participate and to become active members of the University family. Since the entire day is planned on an informal basis and the days are warm, visitors are encouraged to dress casually.

Upon reaching the campus, visiting families are advised to use the parking lot directly south of the Florida Avenue Residence Halls, which serve as the center for the day's activities. Conversation never lags during the 9:00 a.m. coffee hour. As parents meet and visit with other parents, University representatives, and the representative of the Dads and/or Mothers Association, they find time to enjoy a light breakfast of pastry and juice. At 10:00 a.m., parents usually find themselves asking questions of a panel composed of a faculty member, a representative from the Dean of Students Office, and two upperclass students. Last year almost 5,800 parents and guests attended these question and answer sessions, which break up shortly before 12:00 noon. Students frequently join their parents for lunch in the residence hall. This usually involves a lively discussion as to how their respective mornings were spent.

While their student is in afternoon conference with his academic adviser, parents may relax by taking one of several free bus tours of the campus, by visiting informally with University staff on matters such as housing, financial aids, sororities and fraternities, religious foundations, and student activities, or by taking part in informal activities at Florida Avenue Residence

Halls. A typical student room in one of the University residences may also be visited at this time. The students who staff the *General Information Desk* in the residence hall main lobby are available throughout the day to assist parents in making appointments, and to direct them to appropriate campus offices.

Families interested in the Parents Program should complete and return the appropriate coupon on the enclosed request form. Attendance at the Parents Program will be planned on the same date set aside for the Advance Enrollment of your son or daughter, unless otherwise requested.

EVENING ACTIVITIES AND OVERNIGHT ACCOMMODATIONS AT FLORIDA AVENUE RESIDENCE HALLS

If a student and his parents wish to come to the Urbana-Champaign campus the night before the student's advance enrollment date, there are many facilities from which to choose, including hotels, motels, and accommodations at the Florida Avenue Residence Halls. The rate per bed, including tax, at Florida Avenue Residence Halls is \$5.00. Both double and single accommodations are available. To request reservations, please complete the coupon on the enclosed request form. Reservations will be made for only the night preceding the student's advance enrollment date, unless otherwise requested. Confirmation of reservations and further information regarding residence hall housing and food services will be sent from the Housing Division.

Parents and students will find evening activities on campus and at the Florida Avenue Residence Halls available to them the evening before the student's advance enrollment date.

INSTRUCTIONS FOR FILLING OUT PRE-COLLEGE PROGRAM REQUEST FORM SHEET

I. BANDS ADVANCE AUDITION REQUEST

Students requesting this audition will have their appointment coordinated with their academic adviser appointment and will be notified of the exact date and time along with notice of other appointment times. Please indicate the band instrument on which you wish to audition.

II. CHORAL ADVANCE AUDITION REQUEST

Students wishing to participate in choral groups may return the attached Audition Request Form. Their appointment date and time will be coordinated with their academic adviser appointment and sent to the students along with their notice of other appointment times.

III. FRESHMAN GUIDANCE AND PLACEMENT TESTING, PRE-COLLEGE COUNSELING, AND ADVANCE ENROLLMENT REQUESTS

A. Freshman Guidance and Placement Testing

A Ticket of Admission to the Test Center will be sent to you with your Notice of Appointment.

B. Advance Enrollment

Students must have completed the Freshman Guidance Examinations and/or the necessary placement tests at least two weeks prior to Advance Enrollment and must have paid the \$30.00 advance deposit on tuition and fees before their appointment date. An invitation for a specified date will be sent to students checking this program. Changes should be requested only when absolutely necessary. Your cooperation in this matter will be greatly appreciated.

C. Pre-College Counseling

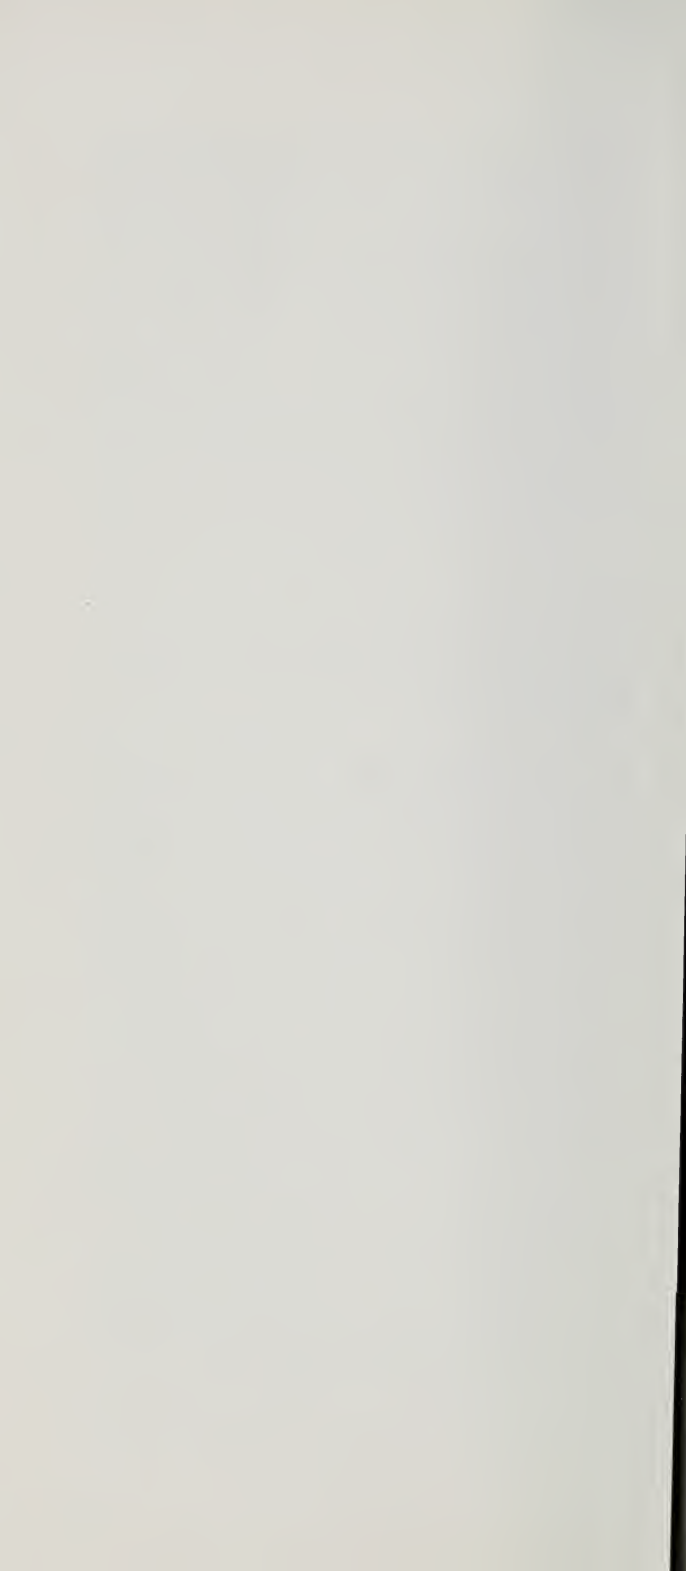

After you complete the Freshman Guidance Examination you will receive a *Self-Counseling Manual*. This *Manual* will enable you to make a better judgment regarding the type of counseling which best fits your individual needs. A special request form for such counseling will be included in the *Manual*, and it is to be returned to the Student Counseling Service at the time of counseling.

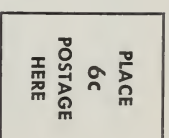

IV. PARENTS PROGRAM REQUEST

Parents of all new students are invited to attend the Parents Program. Attendance at the Parents Program will be scheduled on the same date set aside for the Advance Enrollment of their son or daughter, unless otherwise requested.

V. MAILING INSTRUCTIONS (Important — Read Carefully)

Be sure to fill out completely each section of the enclosed Request Form which corresponds to the Pre-College Programs in which you wish to participate. Then separate this instruction sheet from the Request Form sheet along the perforated line at the top of the page. Finally, dampen the gum strip at the bottom of the Request Form sheet, fold and seal the Request Form sheet, place postage on it, and mail it directly without an envelope. Do not include your advance deposit on tuition and fees with the Request Form sheet.
